

Smart entertainment in a small size - the 24 inch Nokia Smart TV comes with Android TV, offers access to popular streaming services and will find its place everywhere

Netflix, Disney+, Prime Video or YouTube – no problem for the smallest model of the Nokia Smart TV series from StreamView. Thanks to Android TV and Google Play Store, access is provided to over 7000 apps, famous streaming services and much more.

Vienna, 22. March 2021 – Today, StreamView GmbH, the Nokia brand licensee for Smart TVs and Set-Top-Boxes in Europe, introduces the smallest member of the Nokia Smart TV family. The new smaller sized Nokia Smart TV comes in the familiar style you expect from a Nokia product, offering smart entertainment in a compact format for every need. Whether in the guest room, vacation home or for the camper, the handy but smart device fits in everywhere. Sleek design and the ideal size for limited spaces like kids room, kitchen, office, bathroom meet modern entertainment options.

Small but smart

The 24 inch Nokia Smart TV comes with Android TV™ and provides access to over 7,000 apps in Google Play Store. Famous streaming services¹ such as Netflix, Disney+, Prime Video or YouTube, among many others, are included. You can also access media libraries of well-known TV channels, thousands of exciting Android apps, music apps and much more is easily downloadable. Installation of various apps is, as usual, very simple and easy with on-screen instructions. Automatic and regular software updates from Google ensure the highest security standards. Just like its bigger family members, the 24 inch Nokia Smart TV comes with the familiar Nokia style in a Nordic minimalistic design, combined with modern technology. As with all Nokia Smart TVs, the elegant, voice-controlled and ergonomically shaped Bluetooth remote control is also included here. The unique backlight helps to find the right button even in dark rooms. With Netflix and YouTube buttons on the remote, both apps can be opened immediately.

Display and resolution

The 24 inch comes with a frequency rate of 50-60 Hz and HD resolution of 1366 x 768 displaying razor-sharp video content despite its small size.

Equipment and voice control

Connectivity is provided by three HDMI ports, two USB ports and one audio/video port, as well as dual-band Wi-Fi and Bluetooth for quick pairing of the remote control and other Bluetooth devices. Thanks to Chromecast built-in, videos, sports shows, mobile games, music and other content can be streamed from mobile devices to the TV screen. The Nokia Smart TVs support Google Assistant to search YouTube videos, the latest blockbusters or information by voice control.

The quad-core processor with 1.0 GB RAM and 8 GB ROM ensures smooth playback of games, videos and web content. The built-in triple tuner for live TV via terrestrial antenna (DVB-T2), satellite (DVB-S2) or cable (DVB-C) makes it possible to easily access a variety of free-to-air national and international TV programs. A CI+ slot for pay TV cards is available for pay TV content.

Price and availability

The 24 inch Nokia Smart TV (2400A) is available Europe-wide online as of today at nokia.streamview.com, Amazon and through selected retailers in the European Union for a recommended retail price of EUR 299.90 (incl. VAT).² Check nokia.streamview.com for updates.
