

## Great Entertainment in a Small Format: Meet THOMSON 4K UHD Google TV Streaming Stick

**The full Google TV experience now fits in your pocket. Not much bigger than a regular USB flash drive, THOMSON Streaming Stick 140 offers unparalleled 4K viewing anywhere, anytime. At home or when travelling, you can stream your favorite movies and series on any TV with this gadget. All you need is an HDMI connection.**

### **Travel-Friendly Solution**

THOMSON Streaming Stick 140 is designed for the dynamic lifestyle. Simply plug it into the TV's HDMI port to access a universe of premium content, whether you're in a camper van or a hotel room. After registration, your app login details are automatically stored on the device. Plus, kids can continue watching their beloved shows even while at their grandparents' house.

The stick is also ideal for home use, offering content in vibrant 4K resolution that enhances every color and detail in each scene. Its powerful Quad-Core processor ensures robust image processing for smooth streaming.

### **Full Google TV Experience**

In addition to crystal-clear images, THOMSON Streaming Stick 140 also offers the full Google TV experience. Users can access more than 10,000 apps and the Google TV home screen serves as their multimedia centre. No more switching between apps while searching for content.

With Google TV, you have everything at a glance. From Netflix and Disney+ to Prime Video and YouTube. Thanks to multiple user profiles you can unlock personalized viewing recommendations matched to your viewing habits and interests with a single click.

The THOMSON Streaming Stick 140 transforms any TV set with an HDMI connection into a smart TV. Another selling point: the stick can be used to bring older televisions up to date, which is a sustainable and cost-effective solution.

### **Voice-Activated Convenience**

Your voice is all you need to control the streaming stick. The supplied smart Bluetooth remote control has Google Assistant. Simply search for popular clips, current chart breakers or the latest news by voice command – no more annoying typing. The smart remote control has direct buttons for the most popular streaming services.

### **Connectivity and Sound**

Speaking of Bluetooth: audio devices such as headphones, soundbars and speakers can be paired with the stick. Users can share content from other screens like laptops, tablets or smartphones on the TV via Chromecast built-in. The integrated Dolby Atmos sound processing ensures room-filling and dynamic sound, of course, in case your TV supports this functionality.

THOMSON Streaming Stick 140 comes with an extended **3-year guarantee** for carefree entertainment fun.

## **Availability**

THOMSON Streaming Stick 140 is now available online and in leading TV and electronics stores.

## **About Thomson**

Founded in France in 1893, THOMSON embodies true European heritage. With a rich history extending beyond 130 years, the THOMSON brand has been part of the world's greatest technological revolutions, solidifying its role as a true pioneer in this industry. It has played a key role in developing the first radios, video recorders, mp3 players, TVs and more. Throughout its history, the company has remained true to its mission of making innovation and cutting-edge technology accessible to all. Today, THOMSON is committed to producing high-quality products that seamlessly combine convenience with the latest smart technologies.

THOMSON aims to make sure that everyone can share unforgettable experiences and moments of joy with their loved ones. This is evident in the design and the functionality of its products, which are tailored to meet the needs and preferences of a diverse range of consumers. The brand offers a vast range of electrical products spanning television, audio-video, telephony, computers, networked products, household, home appliances, health and well-being. THOMSON continues to uphold its legacy as a leading force in the tech industry and through it all, has stayed true to its mission: creating useful innovations that put customers first.
