

For mobile TV enjoyment

Flexible and mobile: The new THOMSON Go TV brings TV experiences in motion

With its new Go TV, THOMSON is launching a unique product that combines wireless television and maximum mobility. The new 32-inch HD Smart TV can easily be moved from room to room thanks to its built-in wheels. Whether in the living room, kitchen or bedroom - your TV follows wherever you go.

Innovation Meets Comfort

With the THOMSON Go TV, you won't have to choose between your daily routine and watching live sports. Whether you're cooking dinner or tucking the kids into bed, the game stays with you. Just roll your TV from room to room and keep enjoying as your favorite football team scores that winning goal.

No matter if you're watching a cooking tutorial, following a workout session on TV, or studying on a larger screen, this device provides you with comfort and flexibility in your daily life.

The built-in rechargeable battery allows up to 4 hours of wireless operation. Enjoy your favourite film wherever you want – no power outlet needed. With adjustable tilt, height, and swivel functions, the screen adapts perfectly to any situation.

The sleek design of the THOMSON Go TV keeps the focus on your content, blending seamlessly into any living space.

Android TV Operating System

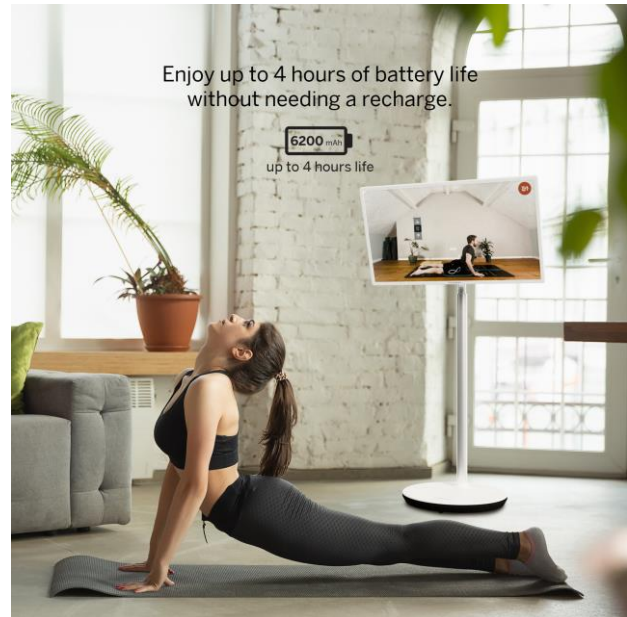

Thanks to Android TV, you have access to over 400,000 films and series from numerous streaming services. Google Assistant lets you navigate effortlessly using voice control, and Google Cast allows you to stream movies, music, and videos directly from your smartphone, tablet, or laptop to the TV.

Comprehensive Equipment

For even more flexibility, additional devices can be connected via HDMI, USB, and terrestrial antenna inputs, allowing you to watch live TV. The 16-watt speakers with Dolby Audio technology provide the perfect sound experience.

All features at a glance:

- Android TV: access to over 400,000 films & series
- Up to 4 hours of battery life for wireless operation
- High mobility with wheels on the TV stand
- Adjustable tilt, height and rotation function of the screen
- HDMI and USB connections
- Terrestrial antenna for live TV
- Dolby Audio
- Voice control with Google Assistant
- Remote control with shortcut buttons and illuminated keys

About THOMSON

Founded in France in 1893, THOMSON is a brand with a true European heritage. With over 130 years of history, THOMSON has been involved in some of the world's most significant technological revolutions, establishing itself as a pioneer in the industry. From the first radios and VCRs to MP3 players and televisions, THOMSON has consistently remained true to its mission of making innovation and cutting-edge technology accessible to everyone. Today, THOMSON continues to produce high-quality products that seamlessly blend comfort with the latest smart technologies. From European manufacturing to quality assurance in Hungary, THOMSON emphasizes proximity to its customers, intuitive usability of its products, and the high reliability that builds trust.

THOMSON's goal is to ensure that everyone can share unforgettable experiences and moments of joy with their loved ones. This is reflected in the design and functionality of its products, which are tailored to meet the needs and preferences of a wide range of consumers. The brand offers a broad array of electronic products, including televisions, audio-video devices, telephony, computing, connected products, household appliances, and wellness products. THOMSON remains a leading force in the technology industry, staying true to its mission of creating useful innovations that put the customer first.
