

StreamView GmbH's experienced and multinational team develops and distributes televisions, receivers, and corresponding accessories of the Nokia brand in Europe, the Middle East and Africa. The products correspond to the Nokia brand guidelines regarding design, reliability and quality.

We are currently searching for a

Nokia Product Marketing Manager/In

Your new field of responsibility:

- You will become part of an international product marketing team and work on all communication agendas
- You support us in product positioning, product marketing plan, the product life cycle and the customer journey
- You research market data and create competitive analyses for our products
- You design POS material and write product-related texts and sales documents for our Trading partners in Europe
- You develop and coordinate the packaging with the production and create the materials in close proximity
- Collaborate with internal and external teams

You convince us by:

- Having completed marketing training and/or several years of experience in product marketing of technical consumer goods
- Understanding of digital marketing and e-commerce
- Very good language skills in English (any additional language is an advantage)
- Structured and accurate work for the timely completion of the materials
- Organizational strength, multitasking ability and independent way of working
- Strong attention to detail

If the above criteria are met, we offer an annual gross salary of around EUR 45,000 with a willingness for overpayment depending on professional qualifications and experience.

Please email your resume, salary expectations and earliest possible starting date to:

StreamView GmbH

Mr. Peter Schmalfuß
