

Game on: The new Nokia Streaming Box 8010 with a wide range of entertainment - not only for gamers

Perfect for gaming fans: The new Nokia Streaming Box 8010 offers even faster performance and improved storage capacity. With access to thousands of apps in the Google Play Store and the cloud gaming services, the Streaming Box 8010 has a wide selection of games for every type of gamer. Then it's just a matter of connecting the controller via Bluetooth and you're ready to go. Those who prefer to indulge in a film or series marathon also get their money's worth. The streaming box also brings the streaming services¹ Netflix, Disney+, Prime Video or YouTube to the screen and it is also compatible with Apple TV.

Vienna, 08 November 2022 – The Nokia Streaming Box 8000 has been one of StreamView's most popular products since its 2020 launch. The set-top box can be connected to any TV with an HDMI connection. The latest version, the Nokia Streaming Box 8010, comes with an improved chipset, ideal for gaming sessions. With three integrated USB ports, one more than in the previous model, connecting two game controllers is a breeze. Users will also be pleased about the higher memory capacity, which amounts to a total of 4 GB LPDDR4 RAM, 32 GB eMMC Flash.

The Nokia Streaming Box turns any TV into a Smart TV offering a wide range of apps, streaming services and media libraries. The remote control responds to voice commands via Google Assistant and can help you find a blockbuster or the weather forecast in a few seconds.

¹ Subscription required.

Smart Connections

If you enjoy a big screen gaming experience on the TV screen, the Nokia Streaming Box 8010 enables gaming controllers or keyboards to be connected easily via Bluetooth. And while built-in Chromecast allows seamless streaming from a range of mobile devices, the Nokia Streaming Box also features an HDMI, USB-A/-C ports for external hard drives, a LAN port and optical digital output to connect your home cinema system and all kinds of additional devices.

Easy set up and pure design

The Nokia Streaming Box 8010 is easy to set up and works with any TV that has an HDMI or analogue audio video port. Simply plug in the power adapter, connect the Streaming Box to your TV and Internet and get started in 10 minutes. The Nokia Streaming Box features a compact and elegant design. Ergonomically shaped, the Bluetooth remote control fits comfortably in the hand. Thanks to the backlight, users can recognize the buttons even when the room is dark.

Pricing and Availability

The Nokia Streaming Box 8010 will be available Europe-wide online at streamview.com as well as in specialist shops from November 2022 for a RRP of 159 EUR (incl. VAT).
